

## **NEXT WORKING BEE Sunday 7th December**

**8:30 am - 11.00 AM**

### **Shaws Bay Escarpment Forest**

Meet in Village Green

behind Lighthouse Park, Grandview St.  
Work will be light, mainly weed control of  
garden escapes and pricking out juvenile  
Ground Asparagus that have missed  
being sprayed.

Morning Tea will be served.

All tools supplied; bring hat, sturdy shoes,  
insect repellent, sunscreen, drinking water,  
and favourite gloves if you wish.

### **HAVE YOU PAID YOUR MEMBERSHIP SUB?**

Your membership is essential so that we can  
continue our work. Even if you cannot con-  
tribute with time, or with physical input to  
working bees, the moral support you give  
through membership is greatly valued.

Send your \$5 membership renewal now to  
The Treasurer, East Ballina Landcare Inc

## **REPORT ON POST-FIRE DEVELOPMENTS IN ALLAWAH BUSHLAND RESERVE**

Last working bee a small group staked out four 'quadrats' (20mx20m) in each of the following recovering  
vegetation communities affected by the recent fire: Wallum Banksia Heath, Wet Sedgeland, Paperbark  
Wetland and Callitris (Coastal Cypress) Forest. We have yet to start taking inventories  
of the recovering plants in these sites, and also mapping of the burnt areas.

***This needs to be started soon*** and - since our regular working bees for the year are all over - we are  
appealing for volunteers to help us on any Sundays (or other days) during December and January.

***Please contact Lee*** on 66813557 or email <[eastballina@gmail.com](mailto:eastballina@gmail.com)> and we can set up days and times  
for doing this work. No prior experience or special plant knowledge needed - just a willingness to help.
